

VGA MONITOR SPLITTER BOX

2 Way - 1 PC to 2 monitors

250MHz Bandwidth

2 WAY VGA MONITOR SPLITTER

Duplicates the same image onto 2 monitors from 1 PC

RESOLUTION 1920 X 1440

Maximum resolution @ 60Hz

50M SIGNAL DISTANCE

Signal can be transmitted effectively up to 50M

STURDY CONSTRUCTION

Metal housing designed to withstand day-to-day wear & tear

Enhances & replicates the video signal for long distance broadcasting (up to 50m) to 2 video outputs
250MHz Bandwidth will create a high quality monitor picture

FEATURES

- Ideal for applications such as tradeshow, business meetings & demonstrations
- The original signal is replicated and amplified ensuring no loss of quality
- Additional units can be daisy chained to handle as many monitors as the installation requires, when using additional units you must remember that one port will have to be used to connect the two devices together
- 250MHz Bandwidth will create a high quality picture, if you are transmitting large amounts of data such as videos you will require a 350MHz Bandwidth video splitter (also available from our range)

Connectivity Devices & Security

SPECIFICATIONS

- Supports VGA, SVGA, XGA & Multi Sync monitors
- DDC and DDC2 support at port 1
- Input connectors: VGA HD-15F x 1
- Input cables required (not included): VGA male to male
- Output connectors: VGA HD-15F x 2
- Output cables required (not included): VGA male to male
- Maximum resolution: 1920 x 1440
- VGA bandwidth: 250MHz
- Case material: Metal

PACKAGING DETAILS

- Product box dimensions: 210 x 110 x 50mm (W x H x D)
- Primary packaging material: Cardboard
- Primary packaging weight: 0.065Kg
- Secondary packaging material: Plastic
- Secondary packaging weight: 0.0055Kg
- Product and packaging weight: 0.6Kg
- Box qty: 40
- Carton size: 550 x 440 x 245mm
- Total carton weight: 22Kg
- Country of origin: China
